

Membership Program

Overview: The Courageous Steps Project, a newly-formed 501(c)3 non-profit organization striving to help children and young adults with developmental challenges, is implementing a membership program that gives people the opportunity to support our organization throughout the course of the year.

Story Behind The Courageous Steps Project: The Courageous Steps Project was founded in 2014 by Connor Archer, a then Old Town High School student living with the challenges of Autism. Connor founded the organization to give back to programs that gave him the start that he needed in order to be successful. In 2016, Connor lead the efforts of The Courageous Steps Project becoming a 501(c)3 non-profit organization. Because of Connor's efforts, The Courageous Steps Project has helped 35+ organizations in its' short existence thus far. To learn more about Connor's story, and his motivation to launch this organization, please visit www.thecourageousstepsproject.org.
