

Door To Door Solicitations Policy Policy JOCS

Overview

Our Door-To-Door solicitations are continuing to provide The Courageous Steps Project with new donors and sponsors for the benefit of the organization. We are confident, that with increased man-power, we can continue to spread the word around by making that face-to-face connection with people in the communities that we serve.

Tactics

- 1.) Any of the board of director members or CEO/Executive Director can make door-to-door solicitations on behalf of the organization.
- 2.) Anything that people share about their personal life, must be kept confidential, unless it is a friend, or family member, that you know.
- 3.) If a transaction occurs through a door-to-door solicitation, the check number or credit card number must be kept private, as that would be a violation of someone's privacy rights.
- 4.) Any director or officer who violates any privacy rights of **The Courageous Steps Project's Door-To-Door Solicitations**, will be subject to an investigation by the board of directors, and will be potentially brought to the attention of law enforcement.
- 5.) All major door-to-door solicitations should be in the hands of the CEO/Executive Director, unless the CEO/Executive Director designates the Board of Directors otherwise.
